## Of the Death

Of L. O. Gillham in  
North Dakota.

Pair of Accidents, Neither of  
Them Is of a Serious  
Nature.

A Wedding, Personal Mention, Local  
Notes and Items of General  
Interest From South  
Side.

Yesterday, Miss Pauline Gillham, of 333 McPherson avenue, received a message from Keumore, North Dakota, announcing the death of her father, L. O. Gillham.

Deceased was at one time connected with an installment house on south Main street, but left this city about three years ago, and went to North Dakota, where he has been working in a mine. He was a man of possibly 50 years of age.

Surviving members of the family are a wife, one son—Fred Gillham of south West street, and one daughter—Miss Pauline.

It has not been decided as to whether the remains will be brought here for interment, or to lay them away at place of death.

A Pair of Accidents.  
Yesterday afternoon, Carl, the 15-month-old son of Mr. and Mrs. Print Downing, of west Kibby street, fell from a high-chair and badly sprained his right arm. The little tot is rather unfortunate, as this is the third time the arm has been injured.

While operating an elevator at the Lake Erie & Western shops yesterday, Edward Rader, of south Main street, had his head caught between the elevator and the ceiling, and was considerably bruised.

Church Socials.  
The social given at the market house last evening by the south Main street Presbyterian church, was a success socially, numerically and financially. At the various booths different articles and kinds of refreshments were sold, and the ice cream tables were well patronized.

The event at the Fred Calvert home on west Kibby street, Monday night, drew a fair attendance, and a very pleasing program was given.

Finally Got Started.  
Ever since Ed. Cunningham sold the Little Gem cigar store at the corner of Main and Kibby streets, he has been telling his friends he was going to Indian Territory to live. The doubt has all been removed. Mr. Cunningham and wife started for Ardmore, I. T. yesterday.

Married Yesterday.  
Yesterday afternoon at 2 o'clock, the Rev. Hagerman gave the blessing which united Francis H. Sirk and Miss Alice Simons in marriage, at the parsonage. They will reside on Cherry alley, in the rear of the Dr. Rudy property.

May Close All Day.  
In talking with several south side business men this morning as to plans for Decoration day, it was learned that most of the barbers, shoe dealers, dry goods merchants and a few grocers in south Lima are in favor of closing their places of business all day Monday.

Abbreviated.  
Findlay friends are entertaining John Williams, of south Elizabeth street.

Benjamin Jacobs, of Alger, is visiting his sister, Mrs. R. Dawson, of Itasca avenue.

Mr. John Heistand, of south Main street, has gone to Findlay to help take care of a sister who was injured in the Novelty Works' disaster.

The infant child of Mr. and Mrs. F. J. La Point, of Second street, is seriously ill.

After a pleasant stay with Pastorla

MRS. POLLANY DENEEN, Marine City, Mich., says: "I humbly thank you for the good your medicine has done for me, after suffering for four years with nervous and heart trouble. I would have sworn I would drop down anywhere and would remain unconscious for as long as 24 hours at a time. The doctor said it was a hard case of dropsy and something that could not be cured. I heard of your remedy and took it according to directions and found relief with the first bottle, so I continued it until I had used six bottles and now I am well and able to do a good day's washing, which I could not do before. I can't thank you enough for what your remedy has done for me, and I recommend it to all who suffer, as it is worth its weight in gold to sick women."

friends, Mrs. Perry Mulcahy, of south Union street, has returned home.

John Lowe, who has been visiting his daughter, Mrs. John Andrews, of Reece avenue, has returned to his home at Cloverdale, Ohio.

Mrs. Charles Rolter, and Miss Hulda Goodwin, of Elgin, are guests of the M. Goodwin family, on McPherson avenue.

Mrs. Bertha Preble and daughter Ruthella have returned from an extended visit with Deshler friends.

Two small colored boys, about knee high to a grasshopper, strayed from their home in the west end to the corner of Main and Kibby streets this morning. Their names were Moxie, and Dan Cranner took care of them until called for.

Miss Margaret Stemen, of Fort Wayne, Ind., is a guest of the Daniel Baker family on west Circular street.

Cured His Mother of Rheumatism.  
"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husbands, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried. In fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by all druggists.

WHY SHIPPING  
HAS DECLINED.

New York, May 25.—When the merchant marine commission resumed its investigation into the cause of the decline of American shipping, today, former Congressman Jno. M. Farquhar, of Buffalo, spoke in favor of the tonnage bill of 1891, which failed of passage by congress. The bill provided for a bounty based on mileage covered by the ships. Mr. Farquhar said that however inadequate the bill of 1891 was, it would have served at least as the entering wedge. He believed the question was strictly a commercial one and that it should be taken out of politics entirely.

tition Are True.

Mrs. Mary Good Says Her  
Husband Abandoned Her  
for the Army.

And That During the Short Time  
They Lived Together He Failed  
to Support Her or Their  
Only Child.

Four applications for a marriage license and one petition for a divorce is in brief about all that broke the monotony of a real summer day at the court house.

The plaintiff who is desirous of a separation is May Good, but the man who gave her the name has failed to uphold it if the allegations are true. She was married to Chas. F. Good at Findlay, August 25, 1900, and they have one child, Chas. V. Good, aged 3 years.

She says he promised to provide her with a home at Findlay, but spent his money in saloons, and when tiring of his family, joined the army, representing to the recruiting officer that he was a single man. He has since failed to provide for her and she has engaged Attorney O. W. Smith to secure for her a divorce and custody of the child.

The Los Angeles Express in its report of the B. of L. E. national convention says, in its Friday's edition: R. B. Hickok, of the L. E. & W. comes from Lima, Ohio, to represent No. 120. He is feeling at home already.

Russel Ream, of Lima, who has been chief clerk at the Hotel Weaver for the last six months, has resigned his position to take a similar position at the Lima House, at Lima. He is succeeded here by F. M. Vanness, of Marysville. Mr. Ream during his stay in this city has proven himself a courteous clerk, and reliable young man. He has made many warm friends here to welcome him whenever he drops over to "Kenton."—Kenton News-Republican.

## PAINTER

From Bellefontaine Dies in the City Hospital.

Was Stricken With Delirium Tremens Last Week—Body Was Taken Home Today.

George C. Rutherford, a painter, who arrived in this city in search of work about two weeks ago, died in the city hospital about 5 o'clock last night, death resulting from an attack of delirium tremens, from which he had been suffering for several days. The body was removed to the Bennett morgue last evening and this afternoon was sent to Bellefontaine, where the deceased's wife was located. Rutherford boarded at the old French house until after he became ill and on last Sunday was taken to the hospital.

The opening of the Colonial Cafe, 206 north Elizabeth street, will fill a long felt want.

## WEATHER.

Washington, May 25.—Occasional  
thunder storms tonight and Thursday,  
cooler tonight along the lake, cooler  
Thursday; brisk south, shifting to  
west winds.

Massachusetts is going to try to  
stop grafting by having public officials  
who graft. It will probably be about  
as effective as the Ohio law which  
punishes the briber and the bribee,  
and that the law protects both by mak-  
ing it dangerous for either to blow  
on the other. Grafting will continue  
with us so long as people in general  
are willing to associate with grafters.  
—Toledo Bee.

The candidate for secretary of  
state, Mr. Laylin, has already held  
this good paying office two terms. We  
do not think the voters of Ohio will  
consent to let one man remain in a  
position like that for more than two  
consecutive terms. There are too  
many well qualified men in the state  
who desire recognition, when it comes  
to the distribution of official favors,  
to permit any single individual to stand  
and feed the public crib so many  
years. There are others.

## NEW SENATOR FROM NEBRASKA

The report comes from Nebraska  
that Mr. Bryan will be a candidate for  
United States senator from that state  
in the event of democratic control of  
the legislature to be elected next No-  
vember. It is said that the Bryan  
campaign will appear on the platform  
of the democratic state convention of  
Nebraska to be adopted next August,  
and that thereupon Mr. Bryan will de-  
vote himself to a state canvass in an  
effort to redeem the state for the  
democracy and make himself United  
States senator.

On frequent occasions in the past  
this program has been outlined from  
Nebraska, but always promptly dis-  
avowed by Mr. Bryan. Heretofore he  
has steadfastly refused to be a candi-  
date for senatorial honors. Neverthe-  
less, we believe that thousands of the  
most intelligent democrats in the coun-

## All Humors

Are impure matters which the skin,  
liver, kidneys and other organs can  
not take care of without help, there is  
such an accumulation of them.

They litter the whole system.  
Pimples, boils, eczema and other  
eruptions, loss of appetite, that tired  
feeling, bilious turns, fits of indiges-  
tion, dull headaches and many other  
troubles are due to them.

Hood's Sarsaparilla  
and Pills

Remove all humors, overcome all  
their effects, strengthen, tone and  
invigorate the whole system.

"I had salt rheum on my hands so that I  
could not work. I took Hood's Sarsaparilla  
and it drove out the humor. I continued  
its use till the sores disappeared." Mrs.  
L. O. BROWN, Rumford Falls, Me.

Hood's Sarsaparilla promises to  
cure and keeps the promise.

Persons are convinced that Mr. Bryan  
would find his highest usefulness in the  
senate, where he would be as effec-  
tive in constructive legislation as he  
has been heretofore in agitation. The  
party as a whole would welcome  
Mr. Bryan to the senate. —Columbus  
Citizen.

John J. Byrne, of the Santa Fe, is  
right in saying, as he did in an address  
of welcome to the delegates of the  
Brotherhood of Locomotive Engineers,  
that the Brotherhood has gained the  
respect of the world by its policy of  
toleration. This is the chief character-  
istic of that organization and by its  
attitude in this respect it has set an  
example to other unions that might  
be emulated with great profit. In view  
of this there is general satisfaction  
over the showing made by Grand Chief  
Some yesterday, in his speech to the  
delegates, telling of the growth of the  
order. Fifty years ago an engineer  
received from \$40 to \$60 a month, with  
twelve hours and upward constituting  
a day's service. Through the efforts  
of the Brotherhood, the wages now  
are from \$3.50 to \$4.50 a day and the  
hours never in excess of twelve. The  
commerce of the country has grown in  
the half century from \$7,000,000,000 to  
\$100,000,000,000 and the 5,000 miles  
of railroad in operation in 1850 have  
lengthened to 202,000. In this work  
of development the engineer is justly  
entitled to a good share of credit. In  
Dakota in the early days of the terri-  
tory it was a close race between the  
editor and the engineer; often it was  
a neck and neck sprint in opening up  
a new county seat. The newspaper  
man and the railroad man have ever  
been fast friends. One is for publi-  
city, the other for promotion; the pub-  
lic needs both and each is essential  
to the other. —Los Angeles Express.

## TRAFFIC CLOSED.

(Continued from page 1.)

Justified it is urged that if the defend-  
ers have a perfect right to take such  
military measures as they choose with  
in the range of the enemy's guns. It  
is now definitely known that the Rus-  
sian protected cruiser Bogatyr went

near Cape Gamova, where one of Ad-  
miral Seymour's British ships went  
ashore several years ago.

## OPENING OF PORTS

Was Hastened by Alexieff's Telegram  
to the Emperor.

St. Petersburg, May 25.—2:20 p. m.  
—The Associated Press is informed  
on high governmental authority that  
the opening of all the ports of Sincia  
Latoral, although precipitated by the  
necessities of war had been under  
consideration for months and repre-  
sents a distinct policy inaugurated by  
Russia, looking to the development of  
eastern Siberia. The effect of closing  
the former free port of Vladivostok  
had not proved a success and led to  
the consideration of the advisability  
of re-opening it. Action in the matter  
was hastened by Viceroy Alexieff,  
who telegraphed to the emperor advis-  
ing the immediate adoption of the new  
policy.

## IMPORTANT MOVE

Is Being Prepared By General Kuro-  
patkin Against the Japs.

St. Petersburg, May 25.—2:25 p. m.  
—There are indications that General  
Kuropatkin is preparing to make a  
very important move against the  
enemy. One of the reasons for this  
belief is the sudden increase in restric-  
tions upon the war correspondents at  
the front. The prevailing belief here  
is that General Kuroki's army is in  
difficulties.

## PERSISTENT REPORTS

Of a Bloody Battle Having Been  
Fought Near Kin Chou.

Mukden, May 25.—11 p. m.—Accord-  
ing to the latest information obtain-  
able, the Japanese have resumed their  
forward movement. Several  
columns are advancing, though the  
bulk of the invading army is still near  
Feng Wang Cheng.

There are persistent reports of a  
bloody battle having taken place be-  
tween the Japanese army advancing  
along the railroad from Pulantien and  
the Russians near Kin Chou, Liao  
Tung Peninsula, resulting in the de-  
feat of the Japanese with great loss.

## THE JAPANESE FLEET

Bombarded Port Arthur Yesterday  
Morning.

Che Foo, May 25.—1 p. m.—A por-  
tion of the Japanese fleet bombarded  
Port Arthur at 11 o'clock yesterday  
morning. The attack was witnessed  
by a Frenchman, who left Dalny on  
the night of the 22nd. He says that  
eight large warships circled before  
the entrance of Port Arthur harbor

for one hour, firing broadsides at inter-  
vals of ten minutes.

Up to the time this Frenchman left  
Dalny everything was quiet there,  
but an attack was expected hourly.  
Only a few civilians remain there.

The attempt made about a fort-  
night ago to destroy the docks and  
piers at Dalny was not successful and  
after the receipt of the news of the  
loss of the Japanese battleship Hat-  
suse, Lieutenant General Stoenkel,  
commander of the military force at  
Port Arthur, ordered that the docks  
and piers be not destroyed.

The Japanese are in force at Pieswo  
and Kin Chou and are ready to march  
down riverside toward Port Arthur.  
The German steamer Chefoo was  
fired on by a Japanese cruiser in Pec-  
hill Gulf today. She misunderstood  
the signals of the cruiser. The  
Swedish steamer Kerio also was fired  
on during last night while off Liao  
Lee Shan promontory but it is not  
known whence this fire came.

Telegraph Connection Is Cut Off.  
St. Petersburg, May 25.—6:18 p. m.  
—Telegraph communication with  
New Chwang is interrupted and pri-  
vate messages for points south of  
Liao Yang are refused here at the  
telegraph office. The nature of the  
interruption with New Chwang is not  
known, but the cause of refusing mes-  
sages south of Liao Yang is the com-  
plete absorption of the lines for mili-  
tary purposes.

## CLOSING HOURS OF TRIAL.

Bedford, Ind., May 25.—The state  
closed its rebuttal evidence in the Mc-  
Donald murder trial today. The last  
witness being called to contradict evi-  
dence given by McDonald's wife and  
others as to the details of his move-  
ments the night of the murder of

## MANAGER

**Frank Burt Will Soon Leave  
the Hospital.**

Frank Burt, the theatrical manager  
who was shot in the face by his wife,  
is getting along nicely at St. Vincent's  
hospital, says the Toledo Times. He  
passed a good night Monday and was  
able to sit up a while yesterday.  
Dr. Phil Rieg says Mr. Burt will be  
able to leave the hospital in a week  
or ten days.

A brother of Mrs. Frank Burt, who  
resides in Joliet, Ill., arrived in the  
city yesterday. He came to look after  
Mrs. Burt's interests in the complica-  
tions growing out of the shooting epi-  
sode on Saturday evening, and will re-  
main here pending a termination of  
the affair.

A BULLET HOLE  
IN HIS HEART.

Cleveland, May 25.—An unknown  
man was found dead in Wade Park  
early Wednesday, a bullet wound in  
the heart. A revolver lay at the dead  
man's side.

Motive for the deed as well as the  
name of the suicide is unknown. In  
the dead man's hand was clutched a  
faded pink rose. This was present  
tightly against a photograph believed to  
be that of the man himself.

Later the body was identified as  
that of John Knise, a tailor. He is  
said to have been deeply in love with  
a young woman and that the couple  
parted in anger last evening. The  
rose found clamped in the suicide's  
hand was one worn by the girl at their  
last meeting.

HOUSE PAINTERS  
ON A STRIKE

Boston, May 25.—Sixteen hundred  
house painters and decorators of this  
city struck today for an increase in  
wages, in accordance with a vote taken  
last night. In many instances, the  
strike lasted but a short time accord-  
ing to the officials of the painters  
union, who said that fifty or more of  
the masterpainters visited the union  
headquarters during the morning and  
signed the new schedule. The master  
painters of Boston number about 300.

## TWO

Games on Decora-  
tion Day

For the Reds.

Will Lock Horns With  
Chicago.

Team Has Started East on a  
Short Trip, to Meet the  
Pirates.

Exhibition Game on at Rochester,  
Penn., This Afternoon—Will  
Play Three Games in Two  
Days at Pittsburgh.

The Cincinnati Reds left last night  
for Pittsburgh over the Pennsylvania  
where, on Thursday, Friday and Sat-  
urday, they will meet the champions  
in three games.

Here of late the Pirates have been  
putting up the kind of ball that has  
made Pittsburgh famous, and they will  
doubtless make the local leaders travel  
a hot pace to win. No claims are  
being made by Manager Keiley as to  
the number of games he expects to  
win in the Smoky City, but there is  
a general feeling among the fans that  
one out of the three scheduled will be  
entirely satisfactory.

This afternoon the Reds met the  
independent team in Rochester, Pa.,  
in an exhibition game. Either "Bob"  
Ewing of Claude Elliott will pitch it,  
preferably Ewing, as he has never  
been very successful against the Pi-  
rates, while Elliott, in his one and  
only "go" against them, did not allow  
them a hit in the five innings he  
twirled. The chances are that Harper  
will pitch the opener in Pittsburgh,  
and that Sutthoff and Kellum will fol-  
low in the order named. Elliott and  
Ewing will be held in reserve, in case  
any of the regulars "blow up."

Three games in two days will be the  
fast offered to the fans on the return  
of the Reds to the Queen City. Man-  
ager Nichols and his Cardinals will be  
there on Sunday, while the Chicago  
cubs follow with morning and after-  
noon games on Decoration day.

## BANKERS

Drop From Their High  
Pedestal,

Losing a Game to the Beta  
Phi Association.

Watts' Curves Were a Feast for the  
Students and the Game Was  
Won in the First Two In-  
nings of Play.

The long run of victories of which  
the bankers can boast for two sea-  
sons was broken yesterday afternoon  
when they were defeated by the Beta  
Phi society, composed of pupils and  
ex-pupils of the high school.

It required three umpires and a  
change of check cashers in the box  
before the game was ended and the  
score stood 15 to 10 in favor of the  
Greeks. Watt stated to do the work  
for the bankers but the students took  
his measure for a succession of clean  
hits and put four men over the plate.  
The grounds looked like a slaughter  
house at the close of the second when  
ten more runs were added to the high  
school score, making it 14 to nothing.  
Jackson did good work for two in-  
nings but the bankers fell on him in  
the third and with the help of costly  
errors tallied six runs. Connors went  
in to relieve Watt and held the stu-  
dents down to one run in the next  
four innings, but the game was al-  
ready lost. The following table  
gives the line up and individual  
scores:

Are Finally Taken

Police and Firemen Determine  
Upon Late for Their Base Ball  
Game—Doctors and Law-  
yers Meet Friday.

The Veterans, who have been the  
champions of almost every contest  
between five-men teams at the Brun-  
swick bowling alleys, were taken into  
camp last night by the Columbus  
Stars, the latter team winning three  
out of four games that were played.  
Each team was short one man when  
the hour for the game to start arrived.  
Newell, of the Columbus Stars and  
Hall of the Veterans, being absent.  
The contest went on however, with  
four-men teams and the following  
scores resulted:

The Veterans:

Davis	135	129	138	118
Cronley	193	133	178	179
Flager	160	180	180	150
Day	109	147	182	154

Columbus Stars:

Lusk	162	152	122	177
Lawler	182	164	131	180
Reed	135	196	222	177
Hauenstein	162	143	140	154
Totals	661	666	615	688

After this contest was over the  
Columbus Stars were tackled by the  
Pabst four-men team and the contest  
was won by the Stars by only 15 pins,  
the Pabst scores, however, being high-  
er than those made by the Veterans.

The Columbus Stars have been chal-  
lenged by the Teepees for a game  
in the near future.

The funeral of James Bolton, one of  
Lima's oldest and most respected citi-

daughter on west Spring street, Mon-

by the Revs. Avann and Miller.

Many were the beautiful tributes  
of love and respect paid the deceased  
by both pastors. The large number  
of brother Odd Fellows in attendance  
bore evidence of the high esteem in  
which he was held as a brother, he be-  
ing one of the oldest in membership  
and age.

Many friends and relatives were in  
attendance, beside all the children,  
grand children and great grand  
children except one grand son, Mr.

THE FORGER

Portland, Ind., May 25.—John  
Schoonover on trial with Robt. J.  
Knox, known as "Jim the peanman"  
and whom the police of the county  
have designated as the king of for-  
gers, confessed today on the witness  
stand that he had received from Knox  
at Muncie, Indiana, the check on the  
bank of Greenbrier, Leadsburg, W.  
Va., which had been raised from \$15  
to \$1500 and which caused the arrest.  
He was to get half of the money for  
getting it cashed. Cashier Hunter,  
of the West Virginia bank recognized  
Knox as the man who had purchased  
two certified checks from him. In  
Knox's hat band when arrested, was  
the other check which had been  
raised from \$5 to \$5,000. Schoonover  
said he had a wife and five children in  
New York city. His alias is H. B.

### TWO MILLIONS LOST BY FIRE

A Disastrous Blaze in Yazoo City  
Costs Several Lives—Now  
Under Control.

Jackson, Miss., May 25.—1 p. m.—  
A telephone message just received  
here from the edge of Yazoo City  
says that fire was started there this  
morning is beyond control. Cham-  
berless White was killed and Mayor  
Holmes badly injured while fighting  
the flames. It is now thought the  
loss will be a million and a quarter  
dollars. The Illinois Central passen-  
ger depot is on fire, together with  
many cars standing in the yards. It  
looks as though the whole town is  
doomed to destruction.

2:25 p. m.—The fire is now believed  
to be under control. The loss is  
roughly estimated at two million dol-  
lars. The fire destroyed everything  
from the river on the south, a distance  
of twelve blocks and three blocks  
wide.

business did not provide for unit rule but for majority rule.

The vote on substituting Johnson's resolutions to strike "the modified unit rule" out of the platform was 10-10.

The platform was then adopted as presented at the majority report.

The matter was adopted as the platform and the state committee was authorized to fill vacancies.

**Sandies Chosen for Secretary of State.**

For secretary of state the names of Webster P. Huntington, of Columbus, and of A. P. Sandies, of Ottawa, were presented. The ballot for secretary of state resulted:

Huntington 193; Sandies 422. Sandies was declared the nominee.

For judge of the supreme court, Philip P. Renner, of Cincinnati, was nominated without opposition.

For clerk of the supreme court, Perry M. McFarley, of Cambridge, was nominated without opposition.

For state auditor and food commissioner, Quentine M. Gravatt, of Wooster, was nominated without opposition and for member of the board of public works, Wm. H. Ferguson, of Springfield, was nominated without opposition.

#### Delegates Nominated.

During the nomination of a state ticket the Cuyahoga county delegation retired to caucus on supporting Chas. P. Salen, Johnson's former manager, for delegate at large. It was then evident that the Johnson following was divided. Salen has been Johnson's manager for years, but Johnson refused to support Salen for delegate at large. The delegation stood 42 to 26 for Salen, with Clark and other leaders opposing Salen. Johnson had been enforcing the unit rule during the day and now the Salen men insisted on enforcing it.

Otto J. Cosgrove, of Cincinnati, one of the leading McLean men presented the name of Chas. P. Salen as the first one for delegate at large, and S. B. McMahon, of Cleveland, seconded the motion of Salen.

Harlan Cleveland presented the name of Melville E. Ingalls, of Cincinnati for delegate. The name of Gen. E. B. Finley, of Bucyrus, was also presented.

The name of former Congressman John A. McMahon, of Dayton, was presented by Judge McCann, with seconding speeches by John H. Clarke and others.

#### MANY CONTESTS

Were Decided After Both Sides Had Made Strong Fights.

Columbus, O., May 25.—Never did the Democrats of Ohio have a more exciting state convention than that which assembled here today. There was a series of contests on almost every vital detail, and every important step taken was over disputed ground.

The fusillade on the firing line began in the preliminary skirmishes before the state central committee, which, under the rules of the last two state conventions, had authority to decide which of the contesting delegations should have a share in the district caucuses.

The seating of the Bernard delegation from Hamilton county, the Philbrick delegation in Franklin county and the Johnson delegation in Cuyahoga practically determined the temporary organization of five of the chief districts in the state. It was an anomalous situation which put all three of these various political elements on an equal footing. The decision of the central committee, however, enabled the conservatives to gain control in the convention itself, and thereby power to decide all contests which came up on a division in any of the committees.

At 9:30 a. m. W. L. Finley, of Kenton, chairman of the retiring state central committee, called the convention to order and introduced the tem-

porary officers, namely: Temporary chairman, R. L. Starr of Bryan; temporary secretary, W. G. Beebe of Mt. Gilead; assistant secretaries, Sloan Gordon of Hamilton and Judge Burke of Marion; sergeant-at-arms, Joe Goldsoll of Cleveland; first assistant sergeant-at-arms, W. R. Burnett of Springfield; second assistant sergeant-at-arms, P. E. Welsh of Hamilton.

The Rev. Dr. E. L. Rexford of Columbus was the chaplain, and his invocation preceded the real business of the convention.

At the conclusion of the keynote address of Chairman Starr, the committee on permanent organization reported in favor of making the temporary organization permanent.

The committee on resolutions reported a platform dealing entirely with state issues, denouncing the re-

ord of the Seventy-sixth general assembly in particular, but waiving national issues to the promulgation of the national convention to be held at St. Louis.

The work of the convention then proceeded with the regular order of business.

#### STARR'S KEYNOTE.

**Temporary Chairman of Convention Pleads For Harmony.**

R. L. Starr, temporary chairman, spoke in part as follows:

We are met here not to destroy by personal bickerings, but to preserve by the harmony of judgment those forms of government that best promote the blessings of liberty, the preservation of property and the enjoyment of life.

Democracy is a grand, patriotic, liberty-inspiring word and means a government of, for and by the people.

Democracy in its broad, comprehensive sense is an expression of government that emanates from those who are governed.

By democracy I do not mean the Democratic party, but the opportunity of those governed to participate in direct and take part in every thing that creates the rules and methods by which they are governed.

The principle of democracy in the Republican party is dominated by the boss. The organization of Cox, Parker, Herriek and their like crucifies democracy wherever found. The independent Republican who dares to raise his voice of protest is politically boycotted and assassinated. He is stripped of every hope of political preferment and honor and is politically tarred and feathered.

The republic is beset with two evils; one, that myriad of grafters, hoodlums and bosses, who swarm, crawl and wriggle like maggots through a putrid carcass in the Republican party; and the other, that spirit of unreconcilable dissension in the Democratic party.

Where is the Democrat whose check has not burned with anger, or whose head has not hung in shame as he reads or listens to words of vituperative vilification, libel and slander bandied between warring factions, whether they be of Hearst, Parker, Cleveland, Bryan or otherwise?

Is the mere preference of man a crime? Is it a greater crime for a Democrat to have a preference for Parker, for Hearst, for Cleveland, for Bryan, than it is for United States senators to sell the influence of their office for gain? Or for the administration to suppress the investigation of postoffice scandals lest it should injure the party, or for the president of the United States to disrupt the Republic of Colombia in the interest of the Panama canal grafters?

**Pleads For Harmony.**  
We want the yeoman service of Parker and his friends in the coming campaign; we want the energy and dash of Hearst and his friends in the

coming battle; we want the oratory of Bryan and Cochran, the political management of Hill and Gorman and the mature judgment of Cleveland in the impending struggle.

A common danger and calamity, a common spirit and patriotic duty should make a brethren of us all, and here in Ohio, we want the united efforts of Johnson, McLean, Lentz, Kilbourne and the great Democratic party to join in one gigantic effort to turn back the flood of Republican corruption that threatens to overwhelm the state.

If a Democratic legislature had done what the late Republican legislature has performed, the state of Ohio would, this fall, go 500,000 Republican. No Democratic legislature would dare fill the state house and the halls of legislation with the board of worthless, tax-eating janitors, spittoon cleaners and hangers-on. No Democratic legislature would dare treat as a joke the drunken revels of a legislative committee visiting a state institution. No Democratic legislature would dare create the flood of new offices at an enormous expense to the state. No Democratic legislature would dare involve the state in extravagant indebtedness, disgrace its sittings by a swarm of lobbyists and destroy the principle of home rule involved in our spring elections under the lying pretense of party economy.

Thousands of Republicans look to our party for relief from this state of affairs and demand of us constructive work, and not the mutual breaking of heads. Every independent Republican well knows that inquiry stands guard at the door, while barlets run riot in the temple of the republic, and that every attempt in Republican conventions and gatherings, on his part, to stem this tide of affairs is spat upon by these degenerates.

**Duty of Democrats.**  
Democrats, your duty to your country, your neighbor, yourselves, your duty to your party, your duty to the memory of those great and grand Democrats who fought so well at the building of the republic, demand that you cease your envious and conten-

tious and prove yourselves worthy sons of these noble sires, by standing shoulder to shoulder in our common cause against this fearful, stupendous and appalling state of public debauchery and corruption.

Republicans are amazed at the sight of their action block politicians, and disgusted at the sale of offices by political peanut vendors.

Every self-respecting Republican knows full well that the grand old party of Lincoln, Grant and Sherman is dead, and in its place is arisen the "Greedy Order of Pot-House Politicians," insatiable hoodlums and omnipotent grafters.

Honesty in politics, economy in the administration of government, is a platform broad enough for all to stand upon, and comprehensive enough for every commercial development, and is the only platform upon which any reformer can stand and live.

Democrats should raise on high once again that grand old Democratic principle of tariff for revenue only, and should oppose as of old that national system of corruption and bribery known as a "protective tariff."

The hope of gain and the financial inducements held out by the protective tariff has brought more votes than all other methods combined. It has done more to debauch public morals, corrupt the youth of the land, insulate the system of graft, hoodie and speculation in municipal, state and national affairs than all other incentives combined.

Every voter well knew that the tariff advocate was working a graft for private gain and was seeking to influence the voter from a like motive. The moment the individual is stung with the protective tariff bee, there has become injected into his system possibly moral degeneracy ranging all the way from a pious hypocrite to the grafter and hoodler.

Democrats, let us highly resolve that by the aid of Cleveland, Bryan, Hill, Gorman, Parker, Hearst, Johnson, McLean, without reference to previous conditions of political belief, financial doctrines or tariff dogma, that Republican misrule shall cease, and that the rascals in high and low places shall be turned out, and that a government of, for and by the people shall be restored.

#### THE PLATFORM.

**No Candidate For President Indorsed. Modified Unit Rule.**

Columbus, O., May 25.—The committee on resolutions organized by electing General A. J. Warner of Marietta, chairman, and George H. Withey of Fremont, was elected secretary.

A resolution was offered by Allen W. Thurman favoring the indorsement of Colonel James Kilbourne for president, which was voted down by the committee.

There was a protracted discussion of the principal issues of recent campaign, covering the financial issues, canal question and other national problems. The platform as adopted by the committee deals entirely with state issues, all national issues being waived to the promulgation of the national platform at St. Louis.

Notice was given by a minority of the committee that there would be a minority report.

The majority report of the platform committee, without indorsement of any candidate for president, but with a modified form of the unit rule, was in the following language:

**Majority Resolutions.**  
The Democratic party of Ohio in convention assembled on this 25th day of May, 1904, in the city of Columbus, O., while firmly adhering to all living Democratic principles, as time and again declared by Democratic conventions, recommend that the formal annexation of purely national questions be referred to the national convention, soon to convene at St. Louis.

On state issues the Democratic party of Ohio offers the people relief from the political trust which has long controlled every department of the state government. Its owners have grown arrogant, reckless and corrupt; secure, they think, in the union of predatory forces against the people who are not organized in their own defense.

They have multiplied offices to make places for their followers, increased salaries and otherwise swollen the public expenses to unprecedented figures, devising new ways to tax the people to meet them, and have failed to redeem their promise to enact a law providing compensation for county officers commensurate with services rendered.

They have gerrymandered congressional, legislative, and even judicial districts, to make it harder for the people to dislodge them; abolished spring elections for local offices with the like purpose, and by restrictions of the official ballot, they have prevented effective union of citizens at the polls.

They have changed the government of the public schools in order to secure them as their prey, and have deprived townships and municipalities of the right of home rule. They have

aid plans to rob the state of its canals, which they would have already carried out but for the Democratic votes in the general assembly, and which they will surely accomplish if the people, knowing their designs, do not now cast their vote.

The Democratic party promises, if entrusted with authority, to reduce public expenses and taxation, to save the property of the state and to reform government by the people, as demanded by its founders.

We favor the improvement of public roads throughout the state, and commend the efforts of the Democratic minority of the last legislature to that behalf.

The Ohio delegation is directed to cast the entire 40 votes in the national convention as the majority of those present and voting shall decide when such majority shall determine that course to be advisable.

**CONSERVATIVES CONTROL.**  
**Credentials Committee Passes Upon the Several Contests.**

Columbus, O., May 25.—Notwithstanding the outcome of the contests before the state central committee in the afternoon, all the ground had to be fought over again before the committee on credentials in the evening.

The committee on credentials having been brought under the control of the conservatives, the contests were settled along lines entirely satisfactory to that element.

The Hamilton county contest was settled in favor of the Bernard delegation, the Cuyahoga county contest in favor of the Johnson delegation, the Franklin county contest in favor of the Ross delegation, the Summit county contest in favor of the Rogers delegation, the Adams county contest in favor of the Gantz delegation and the Montgomery county contest by equally dividing the vote between the Dowling and Cox delegations.

The decision of the credentials committee settled the control of the convention in favor of the conservatives.

**CONTESTING DELEGATIONS.**  
**Action Taken by the Ohio State Central Committee.**

Columbus, O., May 25.—Most interesting of the entire series of contests was the action of the Ohio central committee in determining which contesting delegations should participate in the district caucuses. For these district caucuses were to determine the character of the convention.

The central committee by a vote of 15 to 3 recognized the Philbrick delegation in Franklin county, which was selected by the mass convention in Columbus Saturday night in opposition to the Ross delegation selected by the delegate convention, which delegates were selected by the disputed primary election Friday. Franklin county being a congressional district within itself, this action of the central committee empowered the Philbrick delegation to name the members of

the various convention committees for the Twelfth district.

By a vote of 13 to 7 the Bernard delegation from Hamilton county was recognized by the central committee, which enabled Bernard to name the members of the committees for the First and Second districts.

By unanimous vote, the Johnson delegation from Cuyahoga county was recognized over the Wilson-Gunn delegation.

In the Miami county contest the central committee recognized the delegation headed by former Senator George S. Long and M. K. Gantz over the Davis-Cable delegation.

The Cox-Hanley delegation from Montgomery was recognized over the Dowling delegation by a vote of 12 to 7.

The Creighton delegation from Madison county, the Rodgers delegation from Summit county and the Roundish delegation from Clermont county were also seated in the district caucuses.

The net result of the central committee's work was to seat in the district caucuses conservative delegates as follows: Hamilton 45, Montgomery 24, Summit 13, Miami 7, Clermont 7, Madison 4, radical, Cuyahoga 22, Franklin 55.

# EZEMA

The Blood Aflame with an Itching  
Humor that sets the  
Skin on Fire.

Eczema, the most common and terrible of all skin troubles, begins sometimes with a slight redness of the skin, which gradually spreads, and as the inflammation and itching increase, the entire system is thrown into a restless, feverish condition. Soon little watery blisters or pimples break out from which a clear liquid or yellow fluid is discharged, which forms thick crusts and sores, or falls off in fine particles or scales, leaving the skin raw and tender, or hard and dry like parchment. Eczema attacks most frequently the legs and arms, back and chest, face and hands, and is a disease that comes and goes in the earlier stages, but is a perpetual torment and constant annoyance when chronic. At times the itching and stinging is so great that the sufferer, driven almost to distraction and tortured beyond endurance, scratches and rubs till the skin is broken and bleeds; but this only aggravates and spreads the disease.

## ECZEMA KEPT SPREADING.

Two ago my wife had a breaking-out below the neck. At first red bumps appeared, but soon they became red again, and would burn so that she found it impossible to touch the skin. It kept getting worse and worse. A physician pronounced it Eczema, and d ointments and powders, but it kept breaking out on her body and arms, it closed up her ears. The druggist at last told me to try S. S. S., which she did, and in several bottles was cured, and is well and has been for years.

N. C. W. A. HOOVER.

Humors and poisons that produce the itching eruption, roughness and redness of the skin, must be rooted out before there is complete relief from the terrors of Eczema. Applied externally does any permanent good, for whenever the blood is overheated, skin is reacting during Spring and Summer, the disease breaks out again. You ly upon washes, soaps and salves, or such things as are applied to the surface, for not reach the seat of the trouble, which is internal and deeply implanted in the blood. The blood is aflame with the itching, burning humors, which are carried by the on to the surface and are being constantly forced out through the glands and pores skin, and you can never heal the sores or stop the aggravating eruptions with ex-

ternal applications. To neutralize the acids in the blood and expel the humors and poisons is the only way permanently rid of this torturing skin trouble, and no remedy known does this so thoroughly as S. S. S. It purifies the blood and restores it to health, and the of the poison through the skin ceases, and the sores and eruption gradually ur. S. S. S. builds up the thin acid blood, makes it rich and strong, and restores the elements of nutrition, and drives from the circulation all impurities; and the tonic effect of S. S. S. the general system is invigorated and toned up, and you get rid of your old skin trouble, but the health is benefited in every way. S. S. S. being a strictly vegetable medicine, acts gently, leaving no bad after-effects, as do Arsenic, Potash and other minerals which are usually prescribed in skin diseases.

Eczema cannot be cured by anything applied to the surface of the body; the blood must be purified and the cause removed, and in no other way can this deep-seated skin disease be reached. If you have Tetters, Psoriasis, Salt Rheum, Nettle Rash, or any form of Eczema, you S. S. S. does its work well and thoroughly, and relieves the itching and burning; and pain, and soon produces a lasting cure.

In Clearing Up

An Alleged Attempt at  
Train Wrecking.

Cross Tie Placed On Main  
Track at the Auglaize  
River Bridge

By a Young Man Who Wanted  
to Make a Hero of Himself by  
Warning the Crew of  
a Fast Train.

Irvine E. Pettier, aged 23, son of E. D. Pettier, of Scotts Crossing, was arrested by Capt. Stahl and patrolmen Bates and Alexander, of the Pennsylvania railroad police department, yesterday afternoon and was brought to this city last night to answer to the serious charge of placing an obstruction on a main track of the Pennsylvania road in an attempt to wreck a passenger train. When arraigned before Judge Robb, the prisoner entered a plea of guilt to the charge and was bound over to the grand jury.

It develops, upon investigation, that Pettier did place an obstruction on the Pennsylvania company's east-bound track at the Auglaize river bridge, ten miles west of this city, but instead of performing the rash deed for the purpose of wrecking a train, he did it in an attempt to appear as a hero before the trainmen and railroad officials with a hope that he would be rewarded with a position or in some other manner. He placed a cross tie in the track on the bridge Monday night and then telephoned to the station agent at Delphos to "flag No. 24, one of the east bound fast trains, reporting that he had seen two men placing an obstruction on the track for the purpose of wrecking the train. The case was reported to Detective Bates, who rode in the engine between Delphos and this city. The obstruction was not seen by either the detective or the engineer but it protruded far enough above the bridge ties to be in the way of the engine's pilot and in consequence the pilot was found to have been badly damaged when the train arrived in this city.

Detective Bates returned to Scotts Crossing, where he was joined by Capt. Stahl and Patrolman Alexander and during the afternoon they arrested Pettier. The prisoner was brought to this city and taken to the office of S. S. Wheeler, local counsel for the railroad company, where he confessed to having committed the deed and the purpose he had in mind.

Anna Shobe Evades Work  
House by Becoming  
a Bride.

Ike Boone Tried and Found Guilty  
in Mayor's Court Today and  
Is Sentenced to a Fine  
and Imprisonment.

Anna Shobe, who was arrested on east Vine street, Sunday night, by officers Grant and Neubrecht and who was found guilty of disorderly conduct and sentenced by the mayor to a fine of \$25 and costs and to ten days imprisonment in the Toledo work house, is again free but is "tied up."

John Long, a south side man whose years number somewhere near the half century mark, appealed to the mayor in Anna's behalf yesterday, and declared that if the work house sentence was suspended, he would pay the girl's fine and marry her. Mayor Robb consented and so did Anna, and Long started out to rake up the money and a marriage license. He returned with both at noon today, and Anna was led from behind the prison bars, a blushing bride. The nuptial knot was tied in a most dignified and solemn manner by Mayor Robb and the bridegroom and his "old man's darling," departed in peace. May they never again be separated by cruel prison bars.

The cases against Julia Temple, O. F. Landis and George Flynn, who were arrested with Anna, on the charge of disorderly conduct, were dismissed.

## BOONE FOUND GUILTY.

Ike Boone, the colored expugnist, who was arrested last week on a charge of peddling without a license and who "tied in" to mayor's clerk Owens, when the latter attempted to arrest him, was tried this morning on the charge of disorderly conduct and resisting an officer. He was found guilty and was sentenced to a fine of \$25 and costs and to a term of ten days imprisonment in the county jail.

## EMBARGO

Is Being Lifted From  
Freight.

The Company's Officers Say  
Trouble Is Over

And They Expect to Soon Have  
Traffic Moving Without Interruption—No Change Along  
East River Front.

New York, May 25.—The embargo on south bound freight at the Mott Haven yards of the New York, New Haven and Hartford Railroad Company, resulting from the strike of firemen on the river transfer boats yesterday, was being gradually lifted today and the officers of the company announced that they expected soon to have traffic moving without interruption. Seventy-five non-union freight handlers, who had been engaged to take the places of strikers had worked throughout the night and by today, it was said, had succeeded in bringing about some degree of order although the congestion by no means had been entirely relieved.

Along the east river front there was practically no change from the conditions which obtained yesterday. Think Sympathetic Strike Not Likely. Boston, May 25.—The New York, New Haven and Hartford freight handlers consider a sympathetic strike unlikely. They say they have received no communications from the New York strikers and even if they had it is declared, they would take no hasty action. Dispatches from New London, province and New Haven today report that there were no indications of a strike among the freight handlers at any of those places.
